- Acer

Software

Microsoft Office 365

All students have a Microsoft Office 365 license attached to their school account. They can download and install Office onto their BYOD for free. Includes Word, Excel, PowerPoint.

Installation Instructions

1. Go to the **Microsoft Office** website https://portal.office.comLinks to an external site.
2. **Sign in** using school email address
3. Enter your school username and password
4. On the Office homepage, click **Install Apps** on the top right
5. Click **Microsoft 365 apps** in the dropdown menu
6. Run the downloaded file (**OfficeSetup.exe**)

Adobe Creative Cloud

Students who are in courses that use **Adobe Creative Cloud** applications should have a license attached to their account. This allows them to download and install Adobe applications onto their BYOD.

Note: Not all courses will provision students with an Adobe Creative Cloud license.

Installation Instructions

1. Go to **Adobe Creative Cloud** website https://creativecloud.adobe.com
2. Click **Sign in** on the top right
3. Enter your school email address (if prompted, select Company or School Account)
4. Enter your school username and password
5. Click on **Apps** on the top left
6. Click **Install** on the application you want to install on your device

Wi-Fi Connection

All students have access to Wi-Fi on their BYOD here at Callaghan College Jesmond. Instructions are available below for a range of device types. If you still require assistance, contact the TSO and they can assist you.
