

# IBL (Non-ATAR)

## PATHWAY:

- Industry Based Learning - School-based apprenticeships or traineeships are included as part of the study load.
- Students must complete at least one week of work experience in their chosen field before proceeding with the SBAT qualification.
- Students work towards attaining a Certificate II or III in their chosen vocation.
- Tailored subject packaging advice is provided.
- Students have the option to select a reduced course load.
- Students are working towards the attainment of a Higher School Certificate (HSC).

## EXPECTATIONS:

- Bring Your Own Device (BYOD) recommended.
- Fulfil both school and work attendance requirements.
- Complete all work placements and competencies required for VET SBAT courses.
- Independently complete school coursework missed on workdays.
- Successfully fulfil Industry-Based Learning (IBL) requirements, including maintaining a logbook and participating in term-based interviews.
- Effectively utilise study and IBL sessions.

## BASE SUBJECTS:

- 2 Units of English

Plus:

- 10 Units of BDC or BEC
- At least 4 different subjects
  - Recommend that this includes 2 Units of Mathematics E.g. Maths in Trade, Mathematics Standard for Apprenticeships / Traineeships
- If a student wishes to select a reduced course load, please direct them to a specialist for Careers
