Principal's Update

It is hard to believe that we are now in the final week of Term 3, it has been a very fast year. Jesmond Senior Campus has had a great year so far, and I am looking forward to the celebrations of the Year 12 Graduation at the end of this term and all the events that take place during Term 4. One of the best things we can do for young people is to set and support the achievement of high expectations. As the HSC year draws to a close, I would like to thank both staff and students for all your hard work as our students and staff have participated in and excelled in a myriad of opportunities this term.

The Major Projects are amazing in English Extension 2, Textiles & Design, Industrial Technology - Timber and Graphics, Society & Culture and Visual Arts. I have also been extremely impressed by the quality of performances in our Practical courses: Dance, Drama and Music.

I want to congratulate Year 12 students on their behaviour and commitment during the Trial HSC Examinations. I wish Year 12 all the best not only for the HSC Examinations but for their chosen pathway. Remember 'the better everyone goes the better for everyone'. With over 50% of the HSC assessment still available to maximise marks in the HSC there is still time to study, achieve your personal best and make a huge difference.

I would also like to acknowledge the work of all the staff, how they have supported senior students throughout the year, and will continue to do so over the next 3 months to the end of the HSC.

Congratulations to all our students who have already achieved early entry to courses at University, some with multiple offers already, and those who have received job offers.

Year 11 will have completed their Preliminary courses finishing with their examinations in Week 9. They will then be receiving feedback during the final week of this term in preparation for the commencement of their HSC courses 2024.

Excitingly, Term 4 will start with a two day Learning Conference where students will get the opportunity to focus on their goals for Year 12, enhancing peer relationships and a variety of skill acquisition activities.

The term started with our College musical production of Little Shop of Horrors. I would like to acknowledge the tireless work from Mr Macey, Mr Mitchell, Mrs DeLaurentis, Ms Masters, Miss Baxter, Mr McSporran, Ms Valentine, Ms Peno, Ms Mathews and Ms White for their coordination and commitment to these performances.

We have also completed the 2024 Campus Captain Process. All our nominees were amazing and the way they spoke in front of their peers was outstanding. I am pleased to congratulate Yasmin Oliveira Couper, Fatima Zoha, Dexter Bradley and Julian Foy.

I would also like to share some news with all of you. After much reflection and with mixed emotions, I have accepted an incredible opportunity to be the Principal of Lambton High School, starting in Term 4. I would like to welcome Ms Hayley Macdonald, Principal of Callaghan College Waratah Campus who will lead the Senior Campus while Mr Macey continues his leave for the remainder of the year.

It has been an absolute privilege to be a part of Callaghan College, working as Deputy Principal of Jesmond Senior Campus and Waratah Campus community. I want to express my heartfelt gratitude for the support and inspiration I have experienced here. While it is difficult to bid farewell, I am excited about the new journey ahead and the chance to continue my educational leadership. I look forward to staying connected with this amazing community and carrying forward the lessons and memories from Jesmond Senior Campus to my new role. Thank you for the cherished moments.

James Ostermann
Principal, Jesmond Senior Campus

Hello from Ms Hayley Macdonald, Term 4 Principal

It is with great pleasure and excitement that I join the Senior Campus for Term 4 this year. Having worked closely with the principals across our College, Mr Roger Macey, Ms Kylee Owen, Mr James Ostermann and Mr Paul Taylor, for many years I am excited to join the Jesmond Team to continue the great work we have collaborated on together.

I am looking forward to seeing the current Year 12 successfully complete their HSC, graduate and move onto their next journey, meeting the new Year 12 students and settling them into their HSC year as well as welcoming Year 10 students from both Waratah and Wallsend campuses to their transition experience.

Have a wonderful holiday break and I will see you all in Term 4.

Across the College

I am very pleased to be back at Callaghan this term, and would like to thank Mr Macey and the executive team for their leadership while I was in a relieving Director's position.

As James Ostermann has already indicated in his update, Callaghan College will have some executive staff changes at the start of Term 4, 2023.

James, who has been the relieving Principal at our senior campus, has achieved a permanent principal position at one of our local high schools. Our staff thank James for his outstanding contributions to the College and wish him all the best for his new position.

With Roger Macey, the substantive Principal here at Jesmond, currently on long service leave, we are pleased to welcome Waratah's current Principal, Hayley Macdonald to Jesmond Senior Campus as relieving Principal. Hayley brings a wealth of principal experience and has been an integral member of the College principal's team for many years. We look forward to working with her at Jesmond.

Making the most of our strong internal leadership team, while Hayley is at Jesmond next term, one of

Waratah's highly experienced Deputy Principals, Nicole Avard, will be the relieving Principal for Waratah Campus.

Nicole has also been a long-standing member of the College leadership team and has been instrumental in key College initiatives. We welcome her to the principal's role.

We are excited to be able to provide a strong continuum of leadership between our campuses during this change, for the ongoing provision of our innovative learning environment for all students.

It has been a wonderful term, with so many community events for our families to come on site and celebrate in the growth and maturity of our students, in particular, our Year 12 cohort, with performances, presentations, and major work exhibitions, allowing students to showcase their personal achievements as they complete high school.

On behalf of all staff across Callaghan, I wish our Year 12 students the very best for their final preparations and revision in advance of their HSC exams. Exciting times!

Ms Kylee Owen, Callaghan College Principal

Across Callaghan

Above (L to R) Year 10 students came with a family member for course selection interviews in Week 5 and 6. Wallsend Year 8 students at camp; Waratah students being recognised during Education Week. **Below:** Families, friends, teachers and students enjoying Art Major Works Exhibition (L); families joining our Year 12 Aboriginal students for a BBQ in our Learning Circle to celebrate.

Year 12's final weeks

Deputy's update

I hope this message finds you all in good health and high spirits as we approach the end of Term 3 and thirteen years of schooling for our Year 12's. It's that time of year when we eagerly anticipate the end-of-year festivities and celebrate the remarkable journey our Year 12 students have undertaken. However, we should not forget that our students still have their HSC examinations to complete.

Many of our students have already received early entry into university, which is dependent on successful completion of their HSC.

The HSC exams are more than just a set of exams; it represents the culmination of years of hard work, dedication, and personal growth. As our Year 12 students prepare to embark on this final stage of their school journey, it's crucial to remind them of the incredible potential that lies within the HSC.

After the HSC examinations we will be hosting a Sign Out Day for our Year 12 students on Monday 6th November between 9-11am. We encourage all Year 12 students to participate in Sign Out Day, as they need to complete a leaver's form, finalise any outstanding payments and return any school resources that they have borrowed. It is also an opportunity to remove any data they might have stored on the school's computer system.

We would also request and appreciate school uniform donations, to assist future students who prefer to purchase recycled clothing, or are unable to financially access our uniform. Students will also be able to pick up their Formal ticket on this day.

The formal is another opportunity for students to create cherished memories, acknowledge the growth and look forward to the limitless opportunities that lie ahead.

This year the Formal will be held at the Newcastle Town Hall on Wednesday 8th of November. There will be an opportunity for family and friends to have their picture taken with our fabulous Year 12's in Civic Park before the event.

In conclusion, I want to express my admiration for our Year 12 students' resilience, hard work and dedication throughout their school years. As they embark on the final stretch of their journey, let us offer our unwavering support and encouragement.

Mrs Sara Pendergast
Deputy Principal, Year 12

Staying healthy for the HSC

Leading up to the HSC it is important that Year 12 students remember to balance their study schedule with breaks to recharge and refresh. Looking after yourself and allowing time for relaxation and personal time is crucial to HSC success.

There are plenty of wellbeing tips and advice on the HSC Hub. It is certainly worth a visit. Visit the following link – Stay Healthy HSC and find relevant information on topics such as : Checking in with Yourself, Staying Motivated and Focused, Study Hacks, Virtual study Groups, Practical Well-Being Tips and HSC Extra Tips : for lead up to exams.

Disability Provisions

To best support students with their upcoming exams, I request that parents/carers of Year 12 students please complete the paperwork provided and return to school as soon as possible. We are committed to providing equal opportunities for all students and will work closely with you to ensure that appropriate provisions are in place.

The exam timetable will be released in Term 3. Please ensure that your child is familiar with the timetable and any specific exam guidelines provided by their teachers. It is important for students to be well-prepared and aware of the expectations for each exam.

We understand that the exam period can be a challenging time for both students and parents. Remember, we are here to support you every step of the way. Should you have any questions or require further information regarding exams, disability provisions, or any other school-related matters, please do not hesitate to contact our school office.

Please be aware that there is also support available for you from the school as required before, during and after the completion of your exams.

Mrs Suzie Rich
Head Teacher, Wellbeing

**Best wishes HSC
Class of 2023
with your
upcoming exams.**

**Congratulations
Year 11 on the
completion of
your exams.**

Hello HSC 2024...

Deputy's update

Congratulations on your outstanding efforts in Year 11 and the completion of your Preliminary HSC Year.

I would also like to congratulate you for your support of the current Year 12 students as they completed their final assessments and HSC Trials Examinations during the term. It has been a busy time across the campus.

As you start the upcoming holidays, take the time to prepare for your transition into Year 12 in Term 4. Year 12 is a significant step in your educational path. It comes with increased academic challenges and pivotal decisions about your future.

Keep in mind:

- **Academic Excellence:** Year 12 demands dedication and discipline. Make use of all the available resources, including your teachers' support, study groups, and the HIVE. If you haven't done so already, set a study routine that works for you.
- **Work-Life Balance:** It will be even more important to maintain a balance by staying active, finding ways to relax, and seek support when you need to. I know many of you have part time jobs, so it is a good idea to communicate with your boss about what your study needs are for the year ahead.
- **Further study and Career Planning:** it's never too early, or late, to investigate universities, TAFE courses and career paths. Attend information sessions and consult with our Careers Team for guidance and information. This helps you set your HSC goals!

- **Resilience:** Embrace setbacks as opportunities for growth and learning. And remember, you have a team of staff at Jesmond here to support you.

Year 12 is a transformative period. With the right mindset, determination, and support, you will excel. Reach out to our staff, including me, for guidance and support.

I look forward to welcoming you all back at the start of Term 4 with the Student Learning Conference on 9 and 10 October. This annual event for our new Year 12s is designed to kickstart your HSC year, so that you are equipped with all the information, resources and know how to achieve your personal best.

On behalf of the staff, I would like to congratulate the incoming school leaders, Dexter, Yasmin, Fatima and Julian, as well as the SRF students. We have a strong student leadership group - and I know you will all demonstrate our school's values of excellence, respect, opportunity and commitment on a daily basis.

Best wishes for a successful Year 12!

Mr Paul Colla
A/Deputy Principal, Year 11

Introducing 2024 Captains-Elect

Dexter Bradley, Yasmin Oliveira Couper, Fatima Zoha and Julian Foy, who started their official duties at the last whole of Assembly in week 7, together delivering the Year 11 Address to wish Year 12 students all the best in their upcoming HSC and beyond. Pictured here with Mr Ostermann on the day they were chosen as the new student leaders.

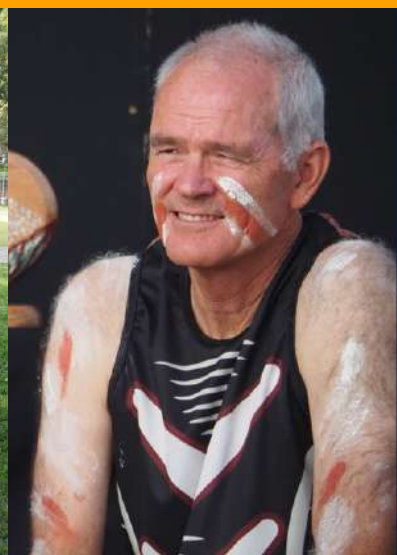

Holey Moley golf at Charlestown

Sam, working in our Jesmond Van, as a barista

Congratulations to Year 12 student, Labella R, AECG Winner of 2023 Make a Difference Aboriginal Student Leadership Award, and Mr Ley, Careers, winner of 2023 Make a Difference Non-Aboriginal Teacher Leadership Award. Callaghan proudly had a number of recipients acknowledged at the AECG's MAD Awards ceremony in August.

Excursions, Awards and Celebrations

Below: Geography fieldwork at Stockton Bight, looking at coastal ecosystems and environmental management strategies; Callaghan staff from Waratah, Wallsend and Jesmond hosted a BBQ for our Year 12 Aboriginal students to celebrate their successful completion of school with families and friends.

Mobile Phone Policy Term 4

We will be implementing the NSW Government ban on mobile phones in schools at the start of Term 4. This is based on extensive consultation with students, staff and parents. This policy is being introduced across the State in public schools to enhance the educational experience and wellbeing for students, reducing distractions and promoting face-to-face communication and engagement in the classroom.

During school hours, students will not be allowed to use their mobile phones. They should be turned off, in bags, or in lockers.

For emergency contact, students and parents can contact each other via our Office Administration on 02 4952 3922 or email jesmondcc-h.school@det.nsw.edu.au

For emergencies or important calls or messages, we will also have a designated space in our library, where students will also be able to use their phones during break time. If directed by a teacher, students will also be able to use their phone for educational purposes.

We thank our families in advance for supporting this initiative to foster a focused and interactive learning environment that encourages engagement. If you have any questions about the policy, please contact the campus.

CAREERS TEAM UPDATE

During Term 3 Year 11 and 12 students have taken advantage of opportunities to explore and plan their future careers. Thanks to our School Based Trainee Mali Frazer for her assistance in producing a weekly Careers Newsletter promoting opportunities for training and employment.

Year 12 students have taken up the offer of individual career interview during terms 2 and 3 to assist with their transition to further study and/or work post school.

A successful Head Start Program finished up on Friday 1 September at the Business Growth Centre, Gateshead. Two Jesmond Campus students successfully completed the FEMALE Pre Apprenticeship program with HunterNet Career Connections and Central Coast Community College in Electrical, Mechanical and Machining. Our students, Zali Kilgour and Jaylee Olsen (pictured to the right) met with 2 female apprentices who provided an insight into the workforce. It is great to see students having the opportunity to connect with such great role models working in non-traditional trades.

Our Start Up Program students attended a Barista training day at the Australian Barista School to enhance the skills they have acquired in running our coffee van.

Regional Industry Education Partnerships (RIEP) have developed a girls only introduction to trades program called Girls Can Too! including hands on activities in a variety of trades, work experience and mock interviews with employers. 5 of our students have been successful in this sought after initiative commencing in Term 3.

Our partnership with the Educational Pathways Program has resulted in students taking up taster course at Tafe in Performance, Nursing, Beauty Therapy and Screen and Media.

The University of Newcastle is piloting access to their Open Foundation enabling program with our school. 6 students have commenced Open Foundation whilst continuing with their HSC studies.

Students have recently received offers through Newcastle University's new Early Entry Scheme and are awaiting the outcome of applications through University Admission Centre.

Stephen Ley, Careers Adviser

Faculty Updates

Industrial Arts / Computing

The Industrial Arts Faculty sees us farewelling our Year 12 students as they finish off twelve years of schooling. I would like to thank Mr Reid and Mr Druitt for their efforts with supporting our Year 12 Industrial Technology Students in Timber and Graphics to the final completion of their major works.

We wish them all the best with the marking of their projects and with their final examinations. We also wish all our other Year 12 students in our VET Studies and Engineering Studies all the best for their upcoming examinations and for their future endeavours.

I would like to thank Ms Coleman for her contribution to our faculty and the guidance that she has given our furniture students in CAD software applications. I also thank Mr Oliver for his guidance of our furniture students in developing skills that will allow them to move into associated industries with confidence. Thanks to our casual staff who have assisted our students while Mr McKinnon has been on leave.

The quality of our major work displays was outstanding and is a credit to all involved, the markers were impressed with a few of our student works.

Finally, best wishes to our graduating HSC students. Whether you are achieving an ATAR or a VET qualification we thank you for letting us be involved in your final two years of school. We wish you and your families all the best for the future.

Mathematics

A group of students from the Year 11 Mathematics Extension 1 course recently participated in the Australian Maths Competition, where they engaged in a friendly battle of wits with some of the most talented young mathematicians from all corners of Australia. The challenges they faced were no easy feat, as they tackled intricate mathematical problems that pushed their limits.

Despite the intense competition, our students showcased remarkable dedication and skill, reflecting the high standards of our school. Recognition is due to Paddy Connor and Cameron Skellams, who earned Credit Awards, and a special applause goes to Alex Tang for securing an impressive Distinction Award. Congratulations are extended to all participants for their efforts!

If you're interested in attempting a question from past competitions, here's a seemingly simple but deceptively difficult problem: What is the largest three-digit number with the property that the number is equal to the sum of its hundreds digit, the square of its tens digit and the cube of its units digit? See Ms Svensk for the answer!

The Annual HSC Review Day took place at Jesmond on Tuesday the 5th of September. Students from across the region were presented with tips and tricks used in analysing the 2022 paper from experts in their field.

In excess of 200 students attended sessions on Standard 2, Advanced, Extension 1 and also Extension 2. This Review Day is run to assist students with final preparations for their exams – it is an annual event, so see you next year, 2024 Year 12

Human Society & its Environment

A busy and rewarding term has flown by as the HSIE crew has supported our students through their end of course Trial and Preliminary Examinations.

Our Year 12 students have undertaken the rigor of an extended examination period and are now working through concluding course work, assessment feedback and revision activities in preparation for the final stage of the HSC. Special mention and congratulations to the Society and Culture students who completed and sent off their Personal Interest Projects.

All staff from HSIE are looking forward to seeing their students in upcoming study sessions and wish them well in their forthcoming external examinations.

Similarly, the Year 11 students are also working towards completing their senior courses. On completion of the Preliminary Examinations, the students will be working through feedback for future focus in learning and preparation skills for their upcoming HSC year. A few little end of term class celebrations may also make an appearance in Week 10.

Thank you to all our families and carers for the much-appreciated support of our HSIE faculty throughout the year. We look forward to meeting you at the graduation ceremonies and for our younger cohort, working together again in Term 4 and 2024.

Special Education

Once again it has been a whirlwind of different programs and opportunities. Highlights include a visit to the Civic Theatre to see the Anastasia production; and Holey Moley at Charlestown for students to practice their golf skills and engage in some fun competition. Our film entry in Focus on Ability Film Festival which focuses on our students showcasing Newcastle, premiered on 14 September at the Liverpool Catholic Club, which a group of us attended. A special mention to two of our Year 12 students: Thomas C has successfully completed three YES + TAFE courses this year: Car Detailing, Auto Mechanics and Auto Paint and Panel. Tom's Work Placement at McCarroll's Newcastle Service put his skills into practice detailing a variety of luxury cars. Given Tom's passion, drive and skill in this area, he has also started his own business, Clarke's Car Cleaning and Detailing. Tom hopes to continue his TAFE studies and Car Detailing business upon completion of Year 12 this year. Sam M has also completed a Hospitality and Bakery YES + TAFE course, Barista Course and has gained industry experience in a number of local cafes. Sam is working toward transitioning to employment upon the completion of Year 12 in the hospitality industry focusing on Barista. If you see him making a coffee don't forget to say hello. Great work from both of these students.

Top: Year 12 and Yr 11 students cooked and catered for their families and staff. **Above:** Year 11 student, Lucinda P performed with The State Wind Band at Sydney Opera House, as part of the Festival of Choral Music in August. The band, of 57 students from 42 NSW public high schools, engaged in a weekend rehearsal before taking to the Sydney Opera House stage, performing two pieces in front of sold-out audiences. **Right:** Members of our Aboriginal dance group have had a busy term involved in Staff PL and events. **Lower R:** Barista Course for students and Tom working as a car detailer.

Faculty Updates

Science

Year 12 HSC class of 2023's time here at Callaghan College Jesmond has almost come to an end. The time has gone very quickly, as students have gone from preparing nervously for their first Year 11 lessons to excitedly sitting their HSC Trials.

The Science department would like to wish all HSC students success in their examinations. This success will look different for every student, though it is often a reflection of their efforts across the seven terms spent at Jesmond.

The Year 11 journey is also almost over as they prepare now for final examinations and look forward to beginning their Year 12 course in Term 4.

The Biology students have finished their Year 11 experience with a trip to the local wetlands as part of their second assessment task. The weather in the lead up to this excursion was a worry, however the day itself turned out to be fantastic and sunny. Students spoke fondly of their adventures on the day.

The Science faculty would like to congratulate all Year 11 students on the hard work and motivation shown through the preliminary courses. We are excited to see this continue into Year 12 and the 2024 HSC.

English

Term 3 is our busiest term at Jesmond Campus - for both students and teachers alike! Most Year 12 students have just finished their Trial HSC Examinations in English. These examinations mirror the students' external HSC Examinations and are a great opportunity to consolidate their skills and knowledge. Now is an important time for revision, reflection, and re-writing.

Similarly, Year 11 students have faced their first formal English Examinations to practise important skills - preparing effective study notes, learning quotes, and attempting a variety of essay questions under time constraints.

I would like to reinforce how important regular attendance to class is in this revision period. In English we are preparing extensive feedback and important opportunities for revision and our students need to be consistently engaging in the learning opportunities provided for them.

As parents and/or caregivers, it would be great if you could encourage and support your student's success in English by encouraging them to submit practice tasks to their teachers so they can receive targeted feedback on what they can do and what they still need to do right up to their final HSC Examinations. Please contact myself or my English teachers with any concerns in relation to your student's progress in English.

PDHPE

Year 12 CAFS and PDHPE students are focussed on preparing for their HSC examinations. Consistent revision and study habits are essential to achieving their best and a reminder to utilise work on CANVAS. Teaching staff will be available to assist with any questions or concerns.

Year 11 CAFS and PDHPE students have completed their Final Examinations over the past two weeks and will use the end of the term to evaluate their progress and habits along with planning individual goals in preparation for Year 12.

Sports Coaching students have been working consistently and it is important that mandatory work placement hours are completed to ensure they obtain their accreditation.

Year 12 Sports, Lifestyle and Recreation students enjoyed a golf day earlier this term and are enjoying lawn bowls to finish their course. A Strike Bowling and Laser Tag event will be held to celebrate the completion of this course.

Year 11 Sports, Lifestyle and Recreation students have enjoyed the Fitness and Resistance Training modules and have completed training programs as their final assessment.

The PDHPE department would like to wish all HSC students success in their examinations. Remember - results happen over time, not overnight. Stay consistent, work your hardest and keep believing in yourself.

Home Economics

- The final weeks of Term 3 have required year 11 to complete their final course examinations in many areas and for Hospitality their practical event. Hospitality students cooked and served a 2 course lunch including coffee to paying customers as a test of their learned skills.
- Textiles and Design students experienced the dedication which is required to succeed in a major practical project by submitting their fairy costume. This project is a source of inspiration and creativity for their Year 12 major work which begins next term.
- Year 12 are coming to the final stages of their studies and completed their trial HSC examinations in week 5 and 6. For Textiles and Design students the submission of their major works was the culmination of 12 months of dedication and hard work which was ably supported by their teacher Mrs Ninness.

We wish all our students well in their preparation for the major examinations which begin in October.

Faculty Updates

CAPA

CAPA have been very busy this term, with a run of 6 shows of 'The Little Shop of Horrors' which included students from drama, music, dance, entertainment industry, music industry, visual design, photography and visual arts. Dance students worked diligently to present their HSC practical exams, our drama students performed amazing group and individual performances for their HSC exams. Our Visual artists presented amazing works including photography, painting, animation, and sculpture. Music students have also completed their practical HSC exams, with musical performances from Paramore, Moana, and Eva Cassidy.

SPORT REPORT

This term saw a number of our students competing in finals and at state level in a number of competitions.

Standout performance of the term goes to Year 12 student, Sophie Urane who represented the Hunter Region at the CHS State Athletics carnival. Sophie brought home the gold medal for High Jump. An outstanding achievement for the Hunter Region and the College.

The Open Boys and Girls Volleyball teams both travelled to Sydney to compete in the state finals of the CHS Volleyball competition. Both teams had an awesome tournament and placed top in the state.

The Open Boys Squash team hosted Cowra High School in their game of the final 16 round of the CHS state knockout tournament. Unfortunately the boys lost the match, however the highlight was a standout performance from Bailey N.

Congratulations to Sophie U, Byron W and Constant M who all represented the Hunter Region at the State Cross Country Carnival. All students placed in the top 50 with Constant achieving an outstanding result placing in the top 20.

The Open Boys Baseball placed top 6 in the state of the Open Boys Baseball competition. A brilliant state final game against Davidson High, the boys lead all game, however were beaten in the final innings.

Girls Open softball competed in the state finals. Girls had a successful tournament and celebrated some wins. A successful achievement for a very young team who will look to compete together again next year (pictured below right).

DATES FOR YOUR DIARY

SEPT

18 Sept: Callaghan CAPA Showcase
