Invitation to attend exhibition of Major Works

Jesmond Senior Campus Year 12 students will be displaying their major works in Industrial Arts, CAPA and Textiles and Design subjects during Term 3, week 10.

This is an annual public exhibition for families, friends and our community to view the final works produced by our Year 12 students for HSC marking.

As part of our 2025 Year 11 Transition Program we invite interested Year 10 students to attend this student showcase. This is your chance to be inspired by our Year 12 students' accomplishments, and talk directly to the students about what it takes to successfully complete a major work.
